Proposal

Proposed Change: Establish policy for involuntary withdrawal from the university

Submitted: January 21, 2011
Submitted by: Carole Beere

CURRENT POLICY: NKU does not currently have a policy in the catalog to deal with involuntary withdrawal from the university.

PROPOSED POLICY:
Withdrawal from the University -- Involuntary Withdrawal
Students who are dismissed from the university for administrative or disciplinary reasons will be withdrawn from all of their classes and will receive a WN* for each class in which they were enrolled. Standard NKU reimbursement policies will apply.

RATIONALE: The proposed policy clarifies how grades will be handled in the event that a student is involuntarily withdrawn from the university.

IMPLEMENTATION: Fall, 2011

The specific grade will be determined by the registrar’s office and will likely be a two-letter grade including the letter “W” for withdrawn plus a second letter that differentiates it from voluntary withdrawal.
